

## Axle Tech Parts

The business of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to meet and exceed their customers' expectations for service, technology, delivery and quality. They believe in working within an environment which encourages the highest integrity with empowered teamwork, together with a unyielding pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively using principals of environmental safety and stewardship in how they do business. The company has put various programs in place to be able to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with whatever questions or comments, since they are glad to share and promote this policy with a greater understanding of their efforts. They are extremely committed to preserving and improving the surroundings. AxleTech has an EHS program that not just protects the environment but which even actively protects their staff and neighbors as well.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in designing and manufacturing planetary axles meant for both military and commercial applications. These applications range from construction equipment to airport ground support. AxleTech specially designs axles in order to meet certain application demands. They have more than one thousand different axle specs in their existing offering. With over one hundred years of skill and history, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The business is well known in several commercial and military applications. They provide complete axle assemblies for aftermarket replacement requirements, together with servicing axle requirements for OE production. Their high mobility ISAS have added details which can be seen in the "ISAS" product collection.
