

TCM Forklift Parts

Forklift trucks are an important player in the material handling field of each global business. Transporting industrial goods happens every day on our hectic world. First innovated as industrial vehicles in the 1930s in America, lift trucks gained recognition after World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread internationally.

Initially started as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. previous to becoming recognized as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's first forklift. Over the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation in the business. TCM started constructing forklift manufacturing locations outside of Japan in the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures many models of industrial forklifts with more than 50 years of accumulated expertise and technology, making their products recognized and used all over the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading company.
